SUMMARY

Full Stack Developer with expertise in React.js, Node.js, Redux Toolkit, Django , Django Rest Framework stacks. Proficient in this stacks, with independent app development capability. Ready to contribute effectively to projects

SKILLS

Programming Languages	JavaScript, Python, C++
Frameworks	React.js, Django Rest Framework
Databases	MySQL, SQLite3
Tools	Git, NPM,

WORK EXPERIENCE

Intern

Jan 2024 - present

During my internship at Blue Waves Pvt Ltd, Patiala, I actively participated in the development of the CertScope website as a Full-Stack Developer. I effectively applied my skills in front-end development using React.js and Redux Toolkit to create a user-friendly and interactive interface. On the back-end, I utilized Django and Django REST Framework (DRF) to build robust APIs and manage data efficiently, contributing to the website's overall success.

PROJECTS

CertScope

[Github](#)

Developed the CertScope application using React.js, Redux Toolkit, and Django REST Framework (DRF) with JavaScript and Python. This full-stack web application leverages JWT for secure user authentication and manages functionalities like adding, deleting, and editing Courses, Certificates, and Training Schedules

Quirkle AI Chat Bot

[Quirkle Chat-Bot](#)

Built the Quirkle AI Chatbot using JavaScript, implementing functionalities for both the front-end interface and back-end logic. I leveraged JavaScript to create an interactive user experience and designed APIs for efficient chat message reception and transmission

Society Management

[Github](#)

The housing society management system is a Web application designed to automate the various management tasks of a housing society. The system allows residents to easily pay maintenance fees and view announcements. It also facilitates the management of facilities such as common areas. It aims to simplify the operations of the society by digitizing and automating processes, enabling easy communication between members and management, and providing real-time access to relevant information

EDUCATION

2022 - present	Master of Computer Application at Punjabi University, Patiala	
2018 - 2021	Bachelor of Computer Application at Punjabi University, Patiala	(73.04%)
